Report

Anti-Ragging week Celebrated at GDC Bishnah

Anti-Ragging Week was observed in GDC Bishnah from 12th -18 August 2026, wherein several activities were organised. The week started with an awareness lecture for the students delivered by Dr Sapna Bhargav, convenor Anti-ragging Committee, followed by the screening of a documentary highlighting the harmful effects and consequences of ragging. The session aimed to sensitise students about the seriousness of ragging and to promote a safe, respectful and supportive campus environment.

As a follow-up activity, flexes and banners carrying anti-ragging messages were displayed at almost all-important locations across the campus to reinforce awareness among students.

The students participated enthusiastically in the activities, and staff members were also present to encourage and support the initiative. The programme helped strengthen the message of zero tolerance towards ragging and encouraged students to contribute towards maintaining a safe and welcoming campus.

The programmes were carried out under the patronage of Dr. Shallu Samyal, Principal of the college and well executed by anti-ragging committee.
